

Located in the Lapad area of Dubrovnik on the Babin Kuk peninsula, the 4-Star Hotel Neptun is a splendid seaside venue for you to say "I do". Here, one of the preferred locations for wedding ceremonies is the spacious and panoramic sea view Lounge Terrace which can accommodate up to 100 persons. A perfect setting to share the start of your married journey with your guests.

Cocktail Parties & Wedding Receptions

When you marry at the Neptun, your wedding reception must also take place at the hotel. The preferred location is the Lounge Terrace and in this case, as the hotel will require a couple of hours to change the terrace from a ceremony venue into a reception venue, we suggest that you and your party enjoy a drink reception at one of the hotel's bars. Music is permitted until midnight and a variety of menus are available but one thing worth noting is that elements of each of the proposed set menus cannot be mixed (so, for example, a 'meat' menu cannot include any 'fish' options from another menu, and all guests would need to be served the same courses from the same menu).
